The students belonging to SEDGs face several challenges and difficulties in accessing quality education because of socio-cultural, economic, and historical reasons.

At Alliance University the following measures are taken to achieve the objectives:

- Financially assisting the SEDGs students through Scholarships
- Providing bridge courses to improve equitable access to quality education for SEDGs.
- Extending and ensuring basic facilities and amenities to SEDGs for inclusive, healthy, safe, and secure environments on campus.
- Equal Opportunity Cell has been set up for the purpose of sensitization of all stakeholders, policy implementation, monitoring, equalizing access to

inclusive quality higher education, ensuring respectful dignity, promoting egalitarian and constitutional values, and grievance redressal.

- Ensure sensitization of faculty, counselors, and students on the gender-identity issue and its inclusion in all aspects at university, including curricula.
